

Clothing Programme

Part of the Development service area of EA, an award winning design team focusing on inclusive adventure and sports equipment. Our in-depth research combined with worldwide expeditions and field trials of single-user pilot projects form the foundation for 'barrier free' industrial design solutions. This people-centred approach ensures that disabled athletes and coaches are meaningfully involved throughout the design and development process.

Description

The Clothing programme explores activity-specific requirements of clothing for the functional and physiological needs of the active individual.

Products

- Centre Clothing - Inclusive outdoor clothing for centre use
- Performance Clothing - Inclusive sports clothing for outdoor athletes and active individuals at all levels.
